11th European Conference on Software Architecture
11–15 September 2017, Canterbury, UK
ECSA 2017

The European Conference on Software Architecture (ECSA) is the premier European software architecture conference, providing researchers, practitioners, and educators with a platform to present and discuss the most recent innovative and significant findings and experiences in the field of software architecture research and practice.

Workshops at ECSA 2017 provide a forum for exchanging and discussing ideas and theories that are still at an early stage.

Tool demonstrations at ECSA 2017 provides a forum for presenting and discussing both practical and research tools.

The **Poster Track** at ECSA 2017 provides an opportunity for researchers and practitioners to discuss their most recent advances, ideas, experiences, and challenges.

The **Doctoral Symposium** at ECSA 2017 encourages PhD students to present their research goals, methods and preliminary results.
