

Recommended hotels with corporate rates

Last updated 6 April, 2004

The University has negotiated preferential rates with a number of hotels in the local area. These hotels are listed below for your information and use. Please contact me for brochures or further details, as I have visited all of the hotels on the list.

Please note that this document is amended and updated throughout the year, so you may wish to revisit it again prior to booking to check that the information you have is current.

I would welcome any feedback regarding use of these hotels. Please let me know what our visitors think when they stay in these venues, whether positive or negative. This helps me to monitor standards and assess their suitability for remaining on the list. We have a larger number of hotels on the list than usual this year, and I will be looking to remove some hotels, based on their level of usage.

If you would like accommodation in other parts of the country, you should now contact the University's Business Travel Agent - VRG on 08700 500 100. When calling, please specify the preferred location of your accommodation, your price range and type of accommodation required ie. guest-house/4-star hotel etc. Please ask for "Government Rates", unless they can obtain anything more competitive. VRG guarantee a response within 1 hour and there is no booking fee. VRG will arrange a credit facility with the accommodation provider for you, for which a 2.5% charge is levied (only £1.75 on a booking for a £70 hotel room!).

Please do use this service as it will save you time trawling through websites and tourist boards searching for rooms. However, please continue to use this list for hotels in this area, as our negotiated rates are particular for the University of Brighton.

As usual, please let me have your feedback on the use of this service.
