The first map should now be showing on screen. If it is not, check the checkbox and continue to the first map.

Use the redraw buttons to the right to view the 3 possible redrawing methods. Rank these redrawing methods in order of personal preference, and indicate this preference below.

**These questions are not timed, and you may view each redrawing method as many times as needed.**

Map A

Best:

Average:

Worst:

Now proceed to Map B.

Best:

Average:

Worst:

Now proceed to Map C.

Best:

Average:

Worst:

The computer part of the test is now complete. Please turn over.

Please now take five minutes to try to answer the optional questions below:

1. Which features or characteristics of the re-optimisation did you find **most** helpful when completing the tests?

2. Which features or characteristics of the re-optimisation did you find **least** helpful when completing the tests?

3. Did you find any of the questions ambiguous? If yes, please try to describe the question.

Any other comments regarding the maps or test may be written here:
